

EDIBLE BIRD NEST EXPORT PROCEDURE (EXCEPT TO CHINA)

1. Fill up registration form (*download from website : www.dvs.gov.my – e Borang Pendaftaran Premis Walit*) and submit to the address stated in the form.
2. Register with Dagang Net to access online e-permit 1 system for export permit and Veterinary Health Certificate (VHC) application.
(Please write in officially to the address below to get approval letter to register with Dagang Net. The approval letter has to be submitted to Dagang Net)

Address:

*Quarantine Services and Import/Export Section
Department of Veterinary Services Malaysia
Podium Block 1A, Lot 4G1, Precint 4,
62630 Putrajaya.
Fax: 03-88886472*

3. Send samples for microbiology and nitrite test at government lab or DVS recognized lab.

*Government Lab: Makmal Kesihatan Awam Veterinar (MKAV) Salak Tinggi
Private Lab: Consolidated Lab or Permula Lab or any ISO Lab*
4. Once the lab result is obtained, scan the lab result. *(Lab result is valid for 3 month only)*
5. Apply for export permit and VHC through the online e-permit 1 system and attach the scanned lab result at the “file attachment” column in the system.
6. Wait for the application status in the e-permit 1 system to be “Acknowledge by Custom”.
7. Once the status is “Acknowledge by Custom”, come and collect the VHC from DVS State and the export permit from MAQIS (usually at the exit point).
*- This will usually takes about 3 working days after the status of the application in the system has been “Acknowledge by Custom”.
-It is advisable to apply the export permit and VHC online at least 1 week prior to the export date as the permit is valid for 30 days.*
